# ARGUS PIG VALVE

The **Argus Pig Valve** enables operators to maintain, inspect, and purge pipelines of harmful substances by sending and receiving inline pipeline gear/"PIGS". Argus Pig Valves are versatile, efficient, cost-effective, and environmentally friendly substitutes to traditional Pig Barrels. The experience, quality, and support Argus provides with each valve ensure a confident choice.

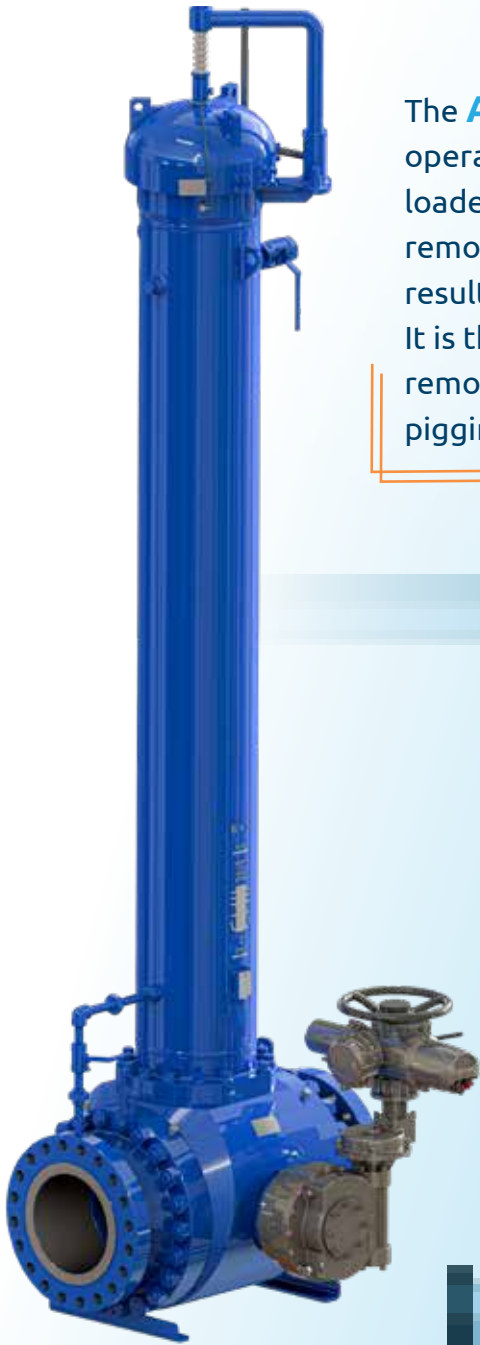

## Pigging System Comparison

	GHG Emissions	Safety	Infrastructure	Line Accessibility
 <p>Argus Pig Valve</p>	<p><b>Low</b></p> <p>Up to 91% less than Barrel.</p>	<p><b>Safe</b></p> <p>No Threat of Projectile.</p>	<p><b>Minimal</b></p> <p>Small Footprint &amp; Easy Set Up.</p>	<p><b>Versatile</b></p> <p>Pig More Lines.</p>
 <p>Barrel Trap</p>	<p><b>High</b></p> <p>Excessive Emissions.</p>	<p><b>Dangerous</b></p> <p>Pressurized Barrel Faces Operators.</p>	<p><b>Extensive</b></p> <p>Large &amp; Costly Configuration.</p>	<p><b>Inflexible</b></p> <p>Limits "Piggable" Lines.</p>

The **Argus Multi-Pig Launcher** enables operators to preload up to eleven (11) pigs. Once loaded, each pig can be automatically launched remotely without further human intervention, resulting in lower operation costs and emissions. It is the only practical option for maintaining remote lines or lines requiring high-frequency pigging.

SOLVING YOUR...		BY PROVIDING...
Waxy or Wet Pipelines	➔	Practical Approach for High-Frequency Pigging
Cost & Safety Concerns	➔	Consolidated Operations
Emission Targets	➔	Up to 97% Emission Reduction
Difficult Pigging Locations	➔	Remote Operability

## CONFIDENCE WITH ARGUS

### Peak Quality

Quality Certifications  
API 6D, API Q1, & ISO 9001.

### Full Circle Support

Engineering, In-Field,  
& Direct Customer Support.

### Confident Sourcing

Sourcing Visibility and North  
American Manufacturing.

### Proven Success

+40,000 Argus Pig Valves.  
Trusted by +380 Companies.
